Highlights of the event of Seed Ball Preparation and Plantation on Worlds Environment Day (5th June 2019) under HRDP I & II Project in Pratapgarh:

Gramin Vikas Trust organised an event on the occasion of the World Environment Day in Dhaman Dongri village of Pratapgarh district, Rajasthan. Total participated of the event are 250 (Male and female) from 16 villages Pratapgarh district, Rajasthan.

Activities occasion during the event of World Environment Day:-
1. Drawing competition
2. Seed Balls Formation of 7 type of forestry seeds
3. Organised Awareness Rally by the children, youth and community members.

The procedure used for the preparation of seed balls are as follow:-
At first mix different 7 types of seeds with a mixture of soil and fertilizer. Then prepare balls of seeds from that mixture and dry them under the sunlight. The soil chooses according to the region. Along with this we have to use organic fertilizer, cow dung or cow urine.

Outcome of the event:-
Through a collaborative method participant made 8000 speedball of 7 types of forestry seed, GVT staff Facilitated the event and participated along the participants in the activities. A rally also organised with the slogan of save the environment by the children, youth, community members and GVT Staff and drawing competition organised during the event for the children's and 3 winner chosen for the best drawings and prizes given to them.
